3.2.2. admin/style.css
3.3. JavaScript/JQuery
3.3.1. validation.js
3.3.2. scripts.js
4. Dizajn baze

1. Uvod

1.1 Korišćeni programski jezici

Za izradu sajta su korišćeni sledeći jezici, biblioteke i tehnologije:
HTML, HTML5, CSS, CSS3, JavaScript, JQuery, JQuery UI, Jquery Validate, AJAX, PHP, Bootstrap framework. Kod je pisan u Notepad++ tekstualnom editoru i PHP Storm IDE.

1.2 Opis funkcionalnosti

Sajt ima sledeće funkcionalnosti:

- Sajt je **single-page** i sve stranice se učitavaju preko **index** stranice
- **Logovanje i registracija** se nalaze u header sekciji svake stranice. Polja su zaštićena regularnim izrazima
- **Meni** se isčitava dinamički iz baze. Isto važi i za meni u admin panelu
- U gornjem delu **početne stranice** nalazi se **slider,** čiji se podaci prikazuju iz baze. Ispod njega se dinamički učitavaju **3 najnovija artikla**
- Artikli na **shop** stranici se stvaraju dinamički iz baze i to 6 po stranici. Preko **paginacije** se vrši dalji pregled artikala
- **Pretraga** je na **shop** stranici. Pretražuje artikle koji sadrže ključne reči u naslovu, opisu ili kratkom tekstu. Odvija se preko **AJAX**-a, vrši proveru za svaki uneti karakter.
- Klikom na sliku ili naziv proizvoda na shop stranici, dinamički se stvara **pojedinačna stranica artikla.** Na njima se nalazi **anketa** (upis u bazu i prikaz iz baze) gde mogu da glasaju samo ulogovani korisnici.

- Na shop i pojedinačnim stranicama artikala nalazi se dugme **Add to cart.** Klikom na njega, artikal se snima u **sesiju** i ubacuje u **cart.** Može stati samo jedna instanca svakog od artikala u korpu. Artikli se mogu pojedinačno uklanjati iz korpe pošto se označi ok u **popup**-u.
- Sa stranice cart može se preći na **checkout** stranicu (samo ukoliko je ubačen neki artikal), gde se nalazi forma za plaćanje povezana sa **stripe**-om. Sa desne strane se prikazuju proizvodi iz korpe.
- **Admin panel** – sadrži stranice **slider**, **products**, **poll**, **menu.** Na svakoj od stranica se isčitavaju kompletni podaci iz baze. Unose je moguće dodavati, editovati, brisati pojedinačno ili kao bulk. Editovanje se obavlja **AJAX**-om.

        <h2>About your instructor, Steve Stine</h2>

        <div class="col-sm-8 col-md-offset-2"><p>Steve Stine is known as the world's most
sought-after guitar instructor. After years of struggling to understand how the guitar "really
works," he developed a step-by-step training method to help you quickly overcome obstacles and
rapidly advance your playing to a level you never dreamed possible.</p>

              <p>Over 27 years, he's helped literally millions of guitarists in over 100
countries.</p>

              <p>He holds a bachelor's degree in music education from Minnesota State
University, Moorhead. And he's played lead guitar in dozens of bands, touring the U.S. and UK.
He's a featured guest instructor at Guitar World Magazine and the distinguished former Prof.
of Modern Guitar Studies at North Dakota State University.</p>
```

```
                <p>Steve Stine is considered the world’s top guitar instructor because his
students see real, noticeable improvements in their playing fast.</p>
